### **Reasons For Allowance**

1. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is the inclusion of "*determining a connection topology of the collection of content portions, the connection topology including a plurality of connections, each of plurality of connections being contained in a respective one of the content portions included in the collection of content portions and connecting the respective one of the content portions to another of the content portions; for each connection determined, determining proximal information cue words associated with each connection, storing at least one of the proximal information cue words based on the connection.*" in all of the independent claims. Browns et al U.S patent no. 5,875,446 and Pirolli et al. U.S patent # 5,835,905, do not have these limitations.

2. The Examiner's interpretation of the claim language is based upon Applicant's the arguments received on 10 September 2004 (pages 7-9) and the enabling portions of the specification, (Fig. 2, Abstract, pages 5-11). Therefore, Applicant's instant claims are considered to be allowable.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. **Claims 1-16** are allowed.
